

ICP BUILDING SOLUTIONS GROUP IS PARTNERING WITH MIDWAY RENTALS AND SALES TO OFFER SELECT HANDIFOAM POLYURETHANE FOAMS

## SPRAY POLYURETHANE FOAMS (SPF)

Available in a variety of sizes and formulations, HandiFoam® low pressure spray polyurethane foams are specifically designed to fill large voids and surfaces, creating a monolithic seal. HandiFoam spray polyurethane foams are often used to stop air infiltration and complete the building envelope. This helps improve indoor air quality, lower heating and cooling costs and drastically reduce energy consumption.

## ONE-COMPONENT POLYURETHANE FOAM SEALANTS (OCF)

Available in a variety of sizes, HandiFoam low pressure polyurethane foam sealants are designed to seal and fill small gaps, cracks and voids and can be applied with a professional dispensing unit. HandiFoam sealants cure when ambient moisture/humidity in the air reacts with the foam sealant creating a rigid, closed cell barrier against drafts, noise, moisture and air infiltration.

HandiFoam® is committed to exceeding our customers' expectations by offering an innovative range of high-quality, low-pressure polyurethane sealant and insulation technologies, low-pressure one- and two-component polyurethane foam adhesives, and exclusive patented tools and accessories.

### COLORWISE® TECHNOLOGY

ColorWise® Temperature Warning Nozzles provide a visual indication when chemical is too cold for spraying quality foam. The mixing chamber of the nozzle will change from clear to blue when extremely cold chemical, 60°F (16°C) or below, is sprayed through it. Nozzle will return to clear surrounding the mixing element when chemical temperature is back in the acceptable range.\*

\*See TDS for formula specific temperature recommendations.

### PERSONAL PROTECTIVE EQUIPMENT (PPE)

HandiFoam products are for professional use only and the use of proper personal protective equipment is required.

## HANDIFOAM® SPRAY POLYURETHANE FOAM DISPOSABLE KITS (SPF)

ITEM NO.	DESCRIPTION	SHELF LIFE	CASE QTY.	UNIT WEIGHT	SMIS	PRICE
P10726	<b>II-205 HandiFoam E84 Spray Polyurethane Foam</b> Closed-cell low pressure spray polyurethane foam (SPF) for use in hybrid insulation, weatherization and air sealing applications or any area where a Class 1(A) is needed. Covers 205 board feet (1 bdft = 12" x 12" x 1").	12 months	1	41.0 lbs.	P10726ICP-1	\$339.00

## HANDIFOAM® ONE-COMPONENT POLYURETHANE FOAM (OCF)

ITEM NO.	DESCRIPTION	SHELF LIFE	CASE QTY.	UNIT WEIGHT	SMIS	PRICE
P30002	<b>12 oz. HandiFoam Polyurethane Straw Foam Sealant</b> Designed to seal and fill small gaps, cracks and voids, creating a rigid, closed cell barrier against drafts, noise, moisture and air infiltration.	18 months	12	2.0 lbs.	P30002ICP-1	\$4.99
P30115	<b>24 oz. HandiFoam Polyurethane Gun Foam Sealant</b> Designed to seal and fill small gaps, cracks and voids, creating a rigid, closed cell barrier against drafts, noise, moisture and air infiltration.	15 months	12	2.0 lbs.	P30115ICP-1	\$9.99
P10272	<b>24 oz. HandiFoam Window + Door Polyurethane Gun Foam Sealant</b> Tested in accordance with AAMA Verified Components List - AAMA 812, and will not bow or distort windows or doors. Formulated with Dry Seal Technology™ to prevent moisture and mold problems by repelling water.	15 months	12	2.0 lbs.	P30272ICP-1	\$10.99
P10083	<b>12 oz. HandiFoam Multipurpose Cleaner</b> Spray solvent used to dissolve uncured foam and designed to be attached to any HandiFoam Gun Foam Applicator, allowing the unit to be flushed and kept clean and operable.	—	12	1.2 lbs.	P10083ICP-1	\$7.99

## HANDIFOAM® ACCESSORIES

F61033	<b>HT330 HandiFoam® Gun Foam Applicator</b> Durable, solvent-resistant entry level dispensing unit for the professional contractor which allows adjustable bead control.	—	1	1.0 lb.	F61050ICP-1	\$24.99
F61055	<b>HT550 HandiFoam® Gun Foam Applicator</b> Durable, solvent-resistant intermediate dispensing unit for the professional contractor which allows adjustable bead control and includes a non-stick teflonized basket and needle valve.	—	1	1.0 lb.	F61039ICP-1	\$39.99
F66110	<b>ColorWise® Cone Nozzle (8 Pack)</b> Allows for a conical, directed spray pattern.	—	8 pack	1.0 lb.	F66110ICP-1	\$19.99
F66112	<b>ColorWise® Fan Nozzle (8 Pack)</b> Allows for large area coverage with a wide, vertical spray pattern.	—	8 pack	1.0 lb.	F66112ICP-1	\$19.99
